

This list was started to give parents possible options of doctors that other parents/HCPs report to be flexible with vaccination schedules and/or doctors who provide/support/encourage more holistic/natural treatment options. If the person recommending the doctor provided any information on the doctor, it is in quotation marks below the doctor's information. The list will be added to and changed as needed.

Dr. Robin Morris  
The Liberty Clinic  
122 S. Stewart Road  
Liberty, MO 64068  
816-781-7730

"She's fine with an alternate or no vaccine schedule, and she doesn't give you a hard time about it at all."

Dr. Grace Baysa-Ng  
<http://www.northlandpediatric.com/content/816.421.4115>

Dr. Baysa states that she is pro-vaccine. She educates parents, but knows that it is ultimately their decision, and does not judge them for not vaccinating or using an alternate schedule. Parents do have to sign a vaccine refusal form at each visit where vaccines are discussed.

Dr. Steven A. Carder  
The Family Doctor's Office  
816-415-2999  
[carder@thefamilydoctoroffice.com](mailto:carder@thefamilydoctoroffice.com)  
<http://thefamilydoctoroffice.com/index.html>  
Westowne 3, Suite 303  
Liberty, MO 64068

Dr. Jody Krukowski  
816-471-7227  
<http://avenallc.com/>  
1810 Summit Street #101  
Kansas City, MO 64108

Dr. James Willoughby  
Liberty, MO  
816-781-0902

Dr. Amy Parry  
9 Victory Dr  
Liberty, MO 64068  
(816) 792-1809

Dr. Thomas Kelley III  
Northland Family Care  
816-781-4740  
They are located off church 152 and 35. across from the JCPenny.  
Regarding vaccinations, "all he asks is that you are making an educated decision."

Dr Tom Kettler  
College Park Family Care  
Multiple locations. See <http://www.collegeparkfamilycare.com/> for locations and contact information.  
"Most of the docs with College Park are very natural."

Dr. Paul Lively  
Liberty, MO  
816-792-1170

Dr. Fernando Fernandez  
2750 Clay Edwards Drive (by NKC Hospital)  
(816) 421-0188

Dr. Pam Shaw, pediatrician at KU Med on Rainbow  
<http://tinyurl.com/yogc9b>  
"Has a laid back attitude about vaccination scheduling."

Dr. Doug Brooks, Family Practitioner  
Town Plaza Family Center  
5701 W. 119th Street  
Overland Park, KS 66209  
913-345-3650

"He fully SUPPORTS us not vaccinating, not just tolerates it. He will also work with families that want to delay schedules. Also, as a side note, all of the things he has done to work with my kiddos when it comes to illness are homeopathy and nutrition- I think he only gets out the script pad when it's really necessary!"

Dr. Diane Diehn, NMD  
[www.integrativemedicalspecialists.com](http://www.integrativemedicalspecialists.com)  
9359 W 75th Street  
Overland Park 66204  
913-825-6111

Dr. Michael Brown, NMD  
7410 Switzer Ste. B  
Shawnee, KS  
913-906-7788

Dr. Michelle Britton-Mehlisch, Family Practice  
1301 SW Arbor Walk Blvd  
Lee's Summit, MO 64082  
816-537-6232

Dr. Tenney  
Research Hospital  
<http://drtenney.com/index-1.html>  
"He is very flexible with varied or no vaccine schedule."

Dr. Greenwood  
913-851-1280  
at 135th St in Olathe  
"He's OK with delayed and non-vaxers."

Louis Stiaszny, M.D.  
816-737-7300  
<http://www.encompassmed.com/providers.shtml#independence>  
4811 S Arrowhead Dr  
Independence, MO 64055-6981  
"OK with varied vax schedule."

Dr. Brenda Smith  
Midlife Wellness Center (Women's Health)  
816-587-7979  
<http://www.midlifewellnesscenter.com/>  
1201 NW Briarcliff Parkway Ste 300  
Kansas City, MO 64116

"We see Charles Moylan with Ped. Assoc on the Plaza and in Lee's Summit. He works well for us, and his strongest point by far is his experience as a father of four breastfed babies. He is VERY pro-breastfeeding! However, I don't think he'd be a great fit for someone refusing all vaccinations. He also preferred for us to come in for a well baby visit on day 2 after a home birth, but I came in on day 14 or 15, I think, and he never said a word and didn't even mention the Hep B, vitamin K or newborn screen."

Farrelly Health Clinic, Ft. Riley, Kansas

"Dr. Ohmer at Farrelly Health Clinic supports our delayed and selective vaccination."
